

Urinal

Enclosed Grate Style

A high-traffic urinal with a large grated catchment area and enclosed sides, offering protection for the surrounding walls. Unit is crafted from 304 stainless steel, with reinforced rear for durability and anti-drum effect, and hinged grate and internal radius corners facilitate ease of cleaning. Flushing sparge covers full length of the rear of the unit as well as both side panels for complete hygiene after every flush. The ideal product for schools and licenced venues. Comes supplied with removable domed outlet grate. WELS and WaterMark certified.
