

Trough

Drink

The Simcraft Drink Trough is our base level drinking unit. Fabricated from single sheet 1.2mm thick 304 grade stainless steel, the unit features a 110mm rear upstand as well as an angled front hob with raised lip which is ideal for mounting drinking bubblers whilst ensuring maximum water containment towards the included 50mm outlet. The unit comes pre-plumbed as standard with G316 Stainless Steel Lead-Free bubblers and push valves. The unit is also supplied with heavy duty brackets for wall hanging or available in a free standing version.

Design Features

- External radius safety corners
- 1.2mm 304 grade S.S. No. 4 satin finish
- Supplied with wall brackets & 50mm waste
