

Basin

Knee Operated

The Simcraft Knee Operated Basin is a heavy duty wall-mounted unit perfect for use in ablutions by multiple users where cross-contamination may be an issue. The unit is made in 304 grade stainless steel as standard, and comes pre-plumbed with a tap fitted with tempering and time-flow valve, which is activated by pressing in the knee panel fitted to the front fascia of the basin. Also included are heavy duty wall brackets and WaterMark certified 40mm waste outlet.

Design Features

- Hinged knee panel to operate tap
- 304 grade S.S. No. 4 satin finish
- Supplied with wall brackets, 40mm waste and tap with tempering & time flow valve
- Two standard sizes
- Rear upstand to protect surrounding area
