

# Bench

## Flat Work

The Simcraft Modular Flat Work Bench is a versatile and durable unit suitable for a wide range of applications. Hand-crafted from reinforced 304 stainless steel, the bench features a flat work top with safety edges around all sides and 150mm rear boxed splashback. The benchtop is set on a heavy duty welded stainless steel frame with adjustable feet and undershelf 'C-Channel' support. The Simcraft Modular Bench system is a cost effective and flexible solutions for kitchen fit-out projects in canteens, restaurants, cafes and commercial kitchens.
