

Pan

Disabled

The Simcraft Disabled Pan is an AS1428-compliant version of our popular Toilet Pan unit. This robust, seamless and heavy-duty toilet features a smooth flowing, crevice-free design both internally and externally, which facilitates efficient flushing and a continually high overall level of hygiene, and features a single piece front enclosing skirt including an access panel for convenient access to the concealed outlet. The extended rear section aids accessibility, and the unit is fully WELS and WaterMark certified. Comes complete with rear 40mm BSP inlet and 100mm P or S-trap. Optional anti-vandal seats available or pre drilled seat mounting bracket holes.

Design Features

- Complies with Australian accessibility standards
- 304 grade S.S. satin finish
- Robust Stainless Steel construction for vandal resistance
- WELS and Watermark certified
- Enclosed skirt (with access panel) for easy cleaning to maintain optimum hygiene levels
- Smooth flowing concealed outlet design without crevices for efficient flushing
- Radius edges for safety
- Rear inlet
- P or S-trap 100mm outlet
- Anti-vandal toilet seats available
