

Fountain

Aqualink

Optional: With Bottle Filler

The Aqualink™ Round Drinking Fountain is a high-performance hydration solution designed specifically to meet accessibility standards while maintaining a sleek, modern aesthetic. Built from robust 304 commercial-grade stainless steel, it is engineered for durability in both indoor and outdoor public spaces. This wall-mounted fountain is ideal for schools, commercial buildings, recreational facilities, and public areas where reliable, hygienic, and inclusive access to drinking water is essential.

Design Features

- Accessibility-Focused Design
- Premium Stainless-Steel Construction
- Efficient, Timed-Flow Piezo Activated Bubbler
- Integrated Splashback Panel
- Complete Installation Package
- Chilled Water Option
